Welcome to this winter edition of the Metatronic Student Newsletter – and thank you so much for saying YES to Metatronic Life & Healing. Because you say yes, this awesome opportunity is grounded and made increasingly more real and available on the planet.

It has been an exciting time for us since Summer 2021 and yet again we find ourselves with the pandemic rising. We had hoped to begin to make plans for a 'live' in-person event in 2022 but fortunately for now, at least, we can continue to offer classes online.

As far as we can tell the power of the online engagements continues to deepen and be more powerful. Metatron's reach into our world is strengthening and this means that the healing and deepening effect of our work continues to improve.

We have now offered Metatron's Arc a number of times giving students and the general public alike an opportunity to engage in helping our planet evolve and develop where it needs to. Thank you all for helping us to spread this opportunity.

So please read on to see the invitations and information in store for you over the next few months. Please take the time to read this, especially the class news.

## The Invitations of Metatronic Life & Healing

I thought it would be interesting for those of you who have been with us for a while, as well as those who have recently joined us, to get a feel of the whole of ML&H now.

This is the development that I have been engaged in since I too joined Metatronic Healing. I remember when I first met Pippa her saying “Metatron is written on your bones”.

My task has been to make Metatronic Life & Healing understandable to anyone interested, as well as those naturally tuned to it. It has also been to develop and structure it into an integrated pathway of spiritual healing, evolution, inspiration and awakening.

So where are we now?

### First Contact

Anyone can now engage with this work, simply and at a minimal cost.

- Free Introductory Talks online open to all.
- Metatron’s Arc, the possibility of being part of the solution to our planet’s problems.
- The Immune Education Series – keeping you safe whether you have a vaccine or not.
- The themed series of three affordable online healing sessions which can be taken singly or as a series – an amazing opportunity to have profound healing on tap, and recorded so that it can be accessed later again and again.

### Stepping in

- Sacred Ground – a Metatronic Beginning a simple and yet profound gift bringing those who are interested into contact via Attunements and Transmissions, in this case of the three fundamental wounded relationships with the Feminine, Masculine and Divine – that’s why it is called Sacred Ground.

### The Pathway

- Seven Steps taking you through a path that evolves you and keeps on evolving you through the Attunements and Transmissions
- First there is Reconnection and then the rebuilding of your “Tree of Life” which give you the connection and clarity to heal the Ancestral Wounds, Reactive Emotions and Mental Positions.
- This creates the space for the empowerment of the Masters and the Spirit of Creation, via the elements, from deep mystery to the Earth.

## Health & Healing

- The Student Deepening Days give the gift of Attunements and Transmissions into your system, bringing Vitamins and Healing Foods to strengthen your immune System and Life Force.

## Ongoing Support for students

- Online Healings and Meditations based around the first 3 Steps with Metatronic Teachers.
- A Global Student gathering, one for each season.

## Metatronic Healing Training

A way of allowing not just those of you who want to learn Metatronic Healing professionally, but any of you who want to further your understanding of how to offer this gift to others.

- The continued development of a Foundation Training for all interested in knowing more about their healing abilities.
- The Advanced Training, which is quite frankly incredible!

## The Awakening Stream

Metatronic Life and Healing has three main purposes or Strands:

- To affirm who you really are – activating the Heart.
- To clear that which hides this light – Lifting the Story.
- To release that which makes you believe it is all real – The Awakening Stream Classes.

The Awakening Stream is beyond words, but enough to say that this points to the future direction of spiritual work that is only now becoming available on the planet. This powerful and awesome class is delivered with simplicity, and you are given information and guidance on how to embody the presence and stillness that is revealed by this class.

\*\*\*\*\*

This is quite a breadth of engagement and to have all of this accessible through one pathway is truly awesome and inspiring. With this I feel we have something which we can respectfully and proudly offer to anyone, because within it there is opportunity not only to begin, but to go “all the way”.

## Metatronic Teacher & Apprentice Teacher News

---

Since our last newsletter in 2021 Deb Simmerly has decided to pause for the moment as a Metatronic Teacher due to ill health, ensuring fundamental space for her recovery journey.

The groups that Deb was holding online will, as of 2022, be taken on by Gill Goldfinch. You can access the latest schedule of Guided Meditation dates in the Student Area, or please email: [gill@metatronic-life.com](mailto:gill@metatronic-life.com) for more details.

Deb will continue as an Advanced Metatronic Practitioner so we are not losing her skills, heart and wish to offer Metatronic Healing.

The path of becoming, and indeed being a Metatronic Teacher is not easy. Metatron definitely puts you through your paces and it takes huge amounts of commitments and energy to keep up with it. So Deb's decision to pause and perhaps step down in the near future, is a wise precaution. Her health is of the utmost importance.

### NEW Online Metatronic Healing Training

---

**FOUNDATION Level** 26<sup>th</sup>-27<sup>th</sup> Feb & 12<sup>th</sup>-13<sup>th</sup> March 2022

The last version of this course we gave was just before the pandemic hit in March 2019. I have taken this time to listen to Metatron and contemplate which areas of the classes would benefit from being strengthened. Gradually a new course format has arisen from Metatron which we are happy to announce and offer to all Metatronic Students who have completed Steps 1 and 2.

We anticipate the following students will be interested in this training:

- Those of you who want to be clearer about how to offer Metatronic Healing, rather than to become healers.
- Those of you who want to begin to share Metatronic Healing, some with a few close friends and family and some who are ready to expand the circle further. To do this you need to know how to talk about Metatronic Healing and Metatron, which is not an easy thing to do!
- If you are at the beginning of your sharing journey, you may not be ready to charge formal fees but perhaps consider a donation for offering healing sessions towards your further training.
- And then there are those of you who either are already healers in other modalities, or who already have a professional practice, and are now ready to bring Metatronic Healing into your professional practice.

This Metatronic Healing Training meets these different and diverse needs so that when you leave the course, you will be confident to take the step you want to, at the level you wish to take it.

**Online Metatronic Group Healing Sessions** with Metatronic Teachers: Richard Farmer and Clare Glennon

## **A Metatronic Healing Chord**

The aim of these healings is to offer you the opportunity to have a single issue taken through the “full chord” of Metatronic Healing. For example, if you bring a health issue, it will be treated in three different ways. First the cause of the problem will be addressed. Second, the wound, or injury will be touched. Thirdly a new healthy pattern or blueprint will be re-instated to support best health.

**Part 1 – Healing the Root of the Problem, 15<sup>th</sup> February 8pm UK GMT** [BOOK HERE](#)

**Part 2 – Touching the Wound, 15<sup>th</sup> March 8pm UK GMT** [BOOK HERE](#)

**Part 3 – A New Beginning, 12<sup>th</sup> April 8pm UK BST** [BOOK HERE](#)

The Online Group Healing events start with a short grounding meditation. Then we briefly introduce the focus, followed by the healing itself, which is generally in silence. To receive this, you can sit and relax in a chair or lie down comfortably. The whole event will last about 60 to 90 minutes.

## **Sacred Ground a Metatronic Beginning**

12<sup>th</sup> & 13<sup>th</sup> February 2022  
with Clare Glennon & Richard Farmer

We are holding an opportunity to engage in the pre-requisite for those that want to begin the full Metatronic Life Pathway. For more information, please look [HERE](#). If you know of friends who may be interested, please pass on the information. For now, this class is open to new students, and a limited number of those who want to repeat it. Book [HERE](#)

## **The Awakening Stream a Metatronic Journey into Awakeness**

January 13<sup>th</sup> - 16<sup>th</sup> 2022 USA Timings with Richard Farmer

Richard is offering another opportunity to sit in the Metatronic Awakening Stream, pre-requisite is Step 1 – the Foundation Class. Wherever you are in your awakening journey, Metatron will meet you and release you to the next level. In addition, Richard offers his experience of having lived this path of awakening, and his understanding of how to work and be with this space. It's a totally unique, simple, mysterious, and powerful experience. To read more about this click [HERE](#) or book [HERE](#).
